

## Exciting Opportunities in Clinical Research

### Join one of the industry's most experienced and specialized clinical trial management teams.

Medpace is a global, full-service clinical research organization with expertise and therapeutic specialization in cardiovascular, endocrine / metabolic, and oncology research. We have steadily expanded operations in nearly forty countries. Headquarters are located in Cincinnati, Ohio, with operations in numerous European countries.

Our European activities are growing rapidly, and we are currently seeking the following position office-based in Munich or home-based in Germany:

## Clinical Research Associate

### Your main tasks:

- Conducting pre-study, initiation, monitoring, and closeout visits for research sites according to Medpace/Sponsor SOPs and GCP;
- Acting as a site manager and solution provider;
- Identifying investigative sites for new studies;
- Supporting the submission process to CA and ECs;
- Assisting with study specific questions;
- Maintaining ongoing site correspondence and site files; and
- Completing visit reports and maintaining study-related databases.

### We expect:

- 2-3 years of experience as a Clinical Research Associate;
- Experience in oncology, diabetes, and cardiovascular disease preferred;
- Bachelor or Master of Science in a health related field;
- Broad knowledge of scientific investigative methodologies;
- Basic knowledge of drug therapy techniques and clinical research methodologies;
- Knowledge of GCP and local regulations regarding clinical studies;
- Ability to understand and present relevant clinical and pre-clinical topics;
- Fluency in both spoken and written English and German; and
- Proficient knowledge of Microsoft® Office.

### We offer:

- An interesting job in a continuously growing company with an international team; and
- A stimulating and challenging work environment.

### E-mail your CV in English to our Human Resources Department at [recruitment-eu@medpace.com](mailto:recruitment-eu@medpace.com).

We are also looking for experienced for a Regional Director Medical Devices, an Account Manager, and a Regulatory Submissions Coordinator. Please check out our website for further information. For other positions, please send us an open application.

We are looking forward to having you join our international and inspiring team.
